

Supporting Healthy Aging

Accessing resources to keep your loved one safe at home

It can be stressful and overwhelming when someone you care about goes missing. Need guidance on a next step? Ohio's aging network is designed to help older Ohioans, caregivers, and loved ones gain access to information, services, and long-term care. If you're concerned about a loved one's safety, we're here to help you navigate the options and make informed decisions.
